Gujarat Education Intelligence Database

Verified official-source-first research snapshot

Coverage 2025–2027 Academic cycles 2024–25 through 2027–28
Last verified 2026-10-03 • Asia/Calcutta
Research posture Accuracy over completeness • official sources over secondary sources • null over guesswork

Important limitation: the user-referenced preliminary PDF was not accessible in this session. No PDF record was invented, silently accepted, or counted as reviewed. This report therefore documents the limitation and provides a live-researched official-source dataset that can be diffed against the PDF when it becomes available.

1. Executive Summary

This snapshot contains live-researched Gujarat education intelligence for students and an AI action agent. It separates confirmed dates from historical patterns, current portal states, and not-announced future cycles.

Metric	Value
Records created from live official research	51
Official-primary records	51
PDF records reviewed	0 — attachment inaccessible
Source conflicts documented	3
Research gaps	8
2027 exam records with no official announcement	5

Student action rule: use the official portal linked in each record, apply before the current official deadline, and never treat a historical pattern or “may be extended” statement as a confirmed date.

2. Research Methodology

Research followed an official-source-first sequence: inspect available inputs, search official Gujarat and national domains, load authoritative pages, extract only supported facts, classify dates, record conflicts, and preserve gaps.

- Search priority: Gujarat government and department domains, statutory boards and committees, then national authorities.
- Secondary sources were not used to override official sources; no secondary-source claim is presented as official in this snapshot.
- Every record carries `source_level`, `official_source_found` and `last_verified`.
- Dates are classified as officially confirmed, officially extended, not announced, conflicting or unverified.
- 2027 fields remain null/not announced unless an official source explicitly publishes a date.

3. Verification Policy

A source can establish a fact only for the cycle and scope it actually covers. A live portal is evidence of current portal state, not proof that every programme deadline is open. Later same-day official notices supersede earlier notices when the authority clearly updates the time.

4. Gujarat Education Timeline

Confirmed and high-value dates found in official sources. This is a decision-support timeline, not a forecast.

Date / cycle	Event	Classification	Action
2025-05-15 → 2025-06-23	ACPDC FY Diploma 2025 registration	OFFICIALLY_CONFIRMED	Historical/archived cycle; do not use as 2026 date.
2025-11-25 notice	MYSY 2025–26 instructions	OFFICIALLY_CONFIRMED	Final apply 2026-01-17; verification 2026-01-27.
2026-03-09 → 03-31	Digital Gujarat ST reopen	OFFICIALLY_EXTENDED	AY 2025–26 remaining ST students.
2026-03-16 → 03-30	Digital Gujarat SC/OBC reopen	OFFICIALLY_EXTENDED	AY 2025–26 remaining SC/OBC students.
2026-03-31 → 05-31	ACPC BE/B.Tech registration	OFFICIALLY_CONFIRMED	Use GUJACPC portal.
2026-05-07 → 05-28	GCAS UG round 1 schedule	OFFICIALLY_CONFIRMED	Compare with live portal/current circulars.
2026-05-30 → 06-22	ACPC D2D Engg/Pharmacy registration	OFFICIALLY_CONFIRMED	Rounds and vacant-seat notices followed.

2026-09-01 → 10-19	SHODH 2026–27 application	OFFICIALLY_CONFIRMED	Submit by 18:00 on 2026-10-19.
2026-09-25 notice	ACPUGMEC MBBS/BDS Round 3 registration notice	OFFICIALLY_CONFIRMED	Read linked PDF for exact closing time.
2027	Future cycles across reviewed exams/admissions	NOT_ANNOUNCED	Do not infer dates from 2025/2026.

5. Scholarship Database

Records are organized for action. Exact amounts are included only where the reviewed official page exposed them; otherwise the field remains null or directs the agent to the current guideline.

8. Government Schemes

Scheme existence is not treated as proof of a current application window. Student-facing dates require a current notice or portal state.

Scheme	Beneficiaries	Benefit	Current status	Official source

11. Upcoming Opportunities

2027 items are not announced in the reviewed official sources. The agent must surface these only as watchlist items, never as confirmed dates.

12. Deadline Intelligence

The dataset distinguishes an original deadline, an extension, a final deadline and verification deadline. If a date is absent, the correct value is null—not an estimated date.

Record	Original	Extended	Final / verification	Classification
Mukhyamantri Yuva Swavalamban Yojana (MYSY)	2026-01-17	None	2026-01-17 / 2026-01-27	OFFICIALLY_CONFIRMED
Chief Minister Scholarship Scheme (CMSS)	None	None	None / None	UNVERIFIED
SHODH — Scheme of Developing High Quality Research	2026-10-19	None	2026-10-19 / None	OFFICIALLY_CONFIRMED
Digital Gujarat post-matric scholarships (SC / SEBC-OBC / ST)	None	None	None / None	UNVERIFIED
PM-USP Central Sector Scheme of Scholarship for College and University Students (CSSS)	2026-10-31	None	2026-10-31 / 2026-11-15	OFFICIALLY_CONFIRMED
Post-Matric Scholarship for ST Students	None	None	None / None	NOT_ANNOUNCED
Merit-cum-Means Scholarship Scheme for Minority Communities	None	None	None / None	NOT_ANNOUNCED
Post-Matric Scholarship for Students with Disabilities	None	None	None / None	NOT_ANNOUNCED

13. Extension Intelligence

An extension is confirmed only when the authority publishes a revised date or reopening notice. Historical extension patterns are never converted into current advice.

Item	Classification	Evidence / safe instruction
Digital Gujarat post-matric scholarship reopenings	CONFIRMED_EXTENSION	ST forms reopened 2026-03-09 to 2026-03-31; SC/OBC forms reopened 2026-03-16 to 2026-03-30 for AY 2025–26.

14. Source Conflicts

Conflicts are preserved instead of silently choosing a value.

Conflict	Claims	Resolution	Status
Preliminary PDF audit	PDF was provided PDF was not accessible in this session	UNRESOLVED_INPUT_ACCESS	UNVERIFIED
GCAS 2026–27 UG dates	UG registration round 1: 2026-05-07 through 2026-05-28 Live portal displayed UG regular end date 2026-11-30	Both are retained as official phase-specific/current portal values; the live portal supersedes the initial schedule for currently displayed registration availability.	CONFLICTING_BUT_RESOLVED_BY_PHASE
ACPUGMEC Round 2 choice-filling extension 2026-09-14	Extension to 10:00 AM Extension to 12:30 PM Extension to 1:00 PM	Use 2026-09-14 13:00 as the final value in the official notice sequence; earlier times are superseded.	OFFICIALLY_RESOLVED

15. Unverified Information

The following must not be presented to a student as confirmed: inaccessible PDF claims; exact current MYSY/CMSS cycle windows not shown on the reviewed pages; exact 2027 dates; scheme-year amounts not exposed in current guidance; and individual programme dates not loaded from the relevant university or committee notice.

- Record-level audit of the attached preliminary PDF: PDF was not accessible; existing record count, sources and corrections cannot be computed.
- Current 2026–27 MYSY/CMSS opening, final and verification dates: Official portals were accessible but the exact current CMSS cycle and a complete 2026–27 MYSY schedule were not established in the reviewed pages.
- GSEB/GUJCET 2027 dates and fees: Not announced in reviewed official sources; do not infer from 2026.
- ACPC/ACPDC 2027–28 schedules: Not announced; 2026 cycle dates are not a forecast.
- University-specific admissions outside GCAS: Programme-level dates, fees and eligibility vary; GCAS is the discovery layer but each university circular should be ingested.

16. Historical Patterns

Historical patterns are stored as context only. This snapshot does not manufacture future dates from prior cycles. The only safe future statement for 2027 in reviewed records is NOT ANNOUNCED unless a later official notice is found.

17. Research Gaps

- Record-level audit of the attached preliminary PDF — PDF was not accessible; existing record count, sources and corrections cannot be computed.
- Current 2026–27 MYSY/CMSS opening, final and verification dates — Official portals were accessible but the exact current CMSS cycle and a complete 2026–27 MYSY schedule were not established in the reviewed pages.
- GSEB/GUJCET 2027 dates and fees — Not announced in reviewed official sources; do not infer from 2026.
- ACPC/ACPDC 2027–28 schedules — Not announced; 2026 cycle dates are not a forecast.
- University-specific admissions outside GCAS — Programme-level dates, fees and eligibility vary; GCAS is the discovery layer but each university circular should be ingested.
- Current category-specific scholarship guidelines — SC/SEBC/ST, minority and disability schemes require scheme-year PDF extraction for exact amounts, income ceilings and verification dates.
- Full NSP scheme catalogue applicable to Gujarat — NSP catalogue is dynamic; only high-value PM-USP and portal-level facts were verified in this pass.
- Secondary-source comparison — No secondary source was used to override official sources; a dedicated discovery pass can add reputable-secondary leads after the PDF is available.

18. Official Source Directory

The machine-readable JSON contains the full portal directory and source URLs. The highest-value official domains successfully researched in this pass were:

19. Final Verification Audit

Two-pass quality control was applied to the generated dataset: first, every record was checked for an official source URL and last-verified date; second, dates, extensions, 2027 handling, eligibility/benefit claims and portal URLs were checked for unsupported certainty.

Audit check	Result
Unsupported 2027 dates	None generated; future exam dates are NOT_ANNOUNCED where not found.
